## 5 NEGROES KILLED TWO WILL DIE

RESIST DEPUTY BEARING WAR-  
RANT FOR THEIR AR-  
REST.

## NEGROES USE PITCHFORKS

Days Previously the Negroes Had  
Overborne Another Constable  
with Show of Force.

Elliott, Miss., July 21.—Five negroes were killed and two others were mortally wounded today when the seven negroes, taking issue with Deputy Sheriff Sid Cauley, who was endeavoring to take them into custody on a minor charge, advanced on the officer with farming implements as weapons and with the avowed intention of "cutting him down." Bearing a warrant charging the seven with assault, Cauley and two citizens, deputized to assist him, went to the home of Henry Beck, a colored farmer, near Elliott, this afternoon. As the posse approached the negroes ceased their work in the field and grabbing pitchforks and other farm tools made for the deputy. Cauley opened fire with two revolvers before the negroes came within striking distance and before the other members of the posse had gained their wits five of the attacking party were dead and the remainder wounded. The deputy surrendered, but was released to appear for hearing tomorrow.

Several days ago an attempt was made to effect the capture of the negroes, but the arresting officer withdrew with their show of resistance, similar tactics to those employed today.

## FOREST FIRES SWEEPING MONTANA

Hundreds of Men Turn Out to Fight  
the Angry Flames.

Missoula, Mont., July 21.—Forest fires are raging today on the Cabinet forest reserve near St. Joe. Already a large acreage has been burned over. Latest reports indicate dire need of assistance as the flames are rapidly spreading.

At noon today an urgent call for assistance was received at the forestry offices from Nine Mile and the officials turned out to impress men into the fighting ranks. The employment offices have supplied all the men they can pick up and arrangements are being made to rush reinforcements to the scene of the fire.

The fires at Heron and Thompson are still burning and a new force of forty men has been dispatched to the scene. A high wind is carrying burning embers to the commercial timber territory.

The Northern Pacific railroad has every available man fighting the flames near its property at Paradise. At Cedar Creek the flames have swept an area three square miles.

Other discouraging reports are reaching here from rivulet to which place forces were dispatched today.

At Henderson, the fires are reported under control after a week of fighting.

## GOVERNMENT AFTER THE CREAM CONE

Will Prosecute the Manufacturers  
Who Use Borax.

Washington, July 21.—Prosecutions against manufacturers of ice cream cones containing borax are to be instituted by the government under the pure food law.

Large seizures of cones were made recently in different parts of the country by inspectors of the department of agriculture. Analysis of the cones seized disclosed the presence of borax a property which has been held to be detrimental to the human stomach.

The cones, chemically tested, were found to contain also saccharine and benzoate of soda, but it was said at the department today that proposed prosecutions would be based solely on the presence of borax, inasmuch as saccharine still was under investigation and benzoate of soda had been held to be harmless when used in small quantities.

Inspectors will continue to make seizures wherever cones are found containing borax. Manufacturers using borax contend this ingredient is necessary to make the cones hold their shape.

### The Weather.

Yesterday 89 was the maximum temperature, 4 degrees warmer than day before. The lowest recorded was 65, with barometer standing one-tenth of a degree down. No report today as Prof. Howerton is going to Sulphur to camp a few days.

## EXPLOSION KILLS ELEVEN SOLDIERS

FORT MONROE BATTERY EX-  
PLODED YESTERDAY DURING  
ARTILLERY PRACTICE.

## SEVERAL BODIES MISSING

Disaster Was Witnessed by a Number  
of Prominent Army Officers and  
by Wives and Children of  
Some of the Dead Men.

Washington, D. C., July 21.—An unofficial report was received at the war department today to the effect that Sergeant Hass and ten men had been killed by the explosion of a battery at the Fort Monroe artillery practice today.

The accident was caused by the blowing out of a breech lock.

The known dead:  
Sergeant Haas,  
Corporal Bradford,  
Privates Sullivan, Duffey, King, Adkins, Akey, Chadwick, Smith, Hogan and Turner.

The dead men were horribly mangled, one private being blown into the Chesapeake Bay with the breech lock.

Lieut. Van Duzen sustained a broken leg and Lieut. Hawes was injured about the face.

The dead artillerymen were attached to the 69th company.

Several bodies are still missing. The disaster was witnessed by a number of prominent officers who were here to witness the battle practice.

The wives and children of several of the men killed were also present and saw them meet their terrible death.

## TO THE EXTREME ON FIGHT PICTURES

Ordinance Makes It Illegal to Sell a  
Publication Containing Pictures  
or Descriptions.

Hutchinson, Kas., July 21.—News dealers of Hutchinson are in a quandary whether to sell the Outlook of this month, on account of an ordinance passed last Friday under which restriction Teddy Roosevelt's fight article will not pass. The ordinance says that no fight pictures shall be exhibited; kept in possession with the intention of exhibiting; newspapers shall not publish fight pictures, and news dealers must not sell publications containing fight pictures or descriptions.

The city commissioners made the ordinance drastic, in compliance with the wishes of a certain few in the city. The members of the commission were the first affected. On the day the ordinance was passed Commissioner C. W. Oswald received some pictures of the Jeffries-Johnson fight from a friend in San Francisco. He destroyed them. The day the ordinance was published, Mayor F. L. Martin wished to purchase a paper but was informed that it was a violation of the ordinance. He took the paper, anyhow.

Yesterday Commissioner Wynans sought to purchase a copy of the Outlook, but was informed that it was a violation of the ordinance to sell it. The ordinance has got to be a joke and every clause has been broken.

### Drive Goats 4000 Miles on Wager.

Washington, July 21.—Having driven a team of Angora goats a distance of more than 4,000 miles, as the result of a wager, Captain V. Edwards a ranch owner of San Diego, Cal., arrived here from San Diego today. With Captain Edwards are six young men and a pack team of three Mexican zuros, hitched to a canvas covered wagon.

## BANKER WILL SERVE TERM IN PRISON

Former Guthrie Bank President Con-  
victed on Technical  
Charge.

Guthrie, Okla., July 20.—After a legal fight of five years' duration, Charles E. Billingsley of Guthrie, former president of the defunct Capital National bank of Guthrie, left Thursday for the federal penitentiary at Leavenworth, Kan., to begin serving a sentence of seven years and five months for falsifying entries in his bank books.

The failure of the Capital National bank of Guthrie, with net liabilities of \$700,000 in 1905, was one of the biggest bank failures in Oklahoma. More than \$175,000 of territorial funds were caught in the failure and the state is still due approximately \$65,000 from the receivership. The bank has to date paid out 65 per cent, and still has considerable assets left.

Billingsley was convicted of falsifying entries to deceive the bank examiner, after a long and hard legal fight, and his conviction was affirmed by the United States circuit court of appeals three months ago.

Billingsley is now about 35 years old, is exceedingly fat, weighing probably 250 pounds at least and has been crippled in one leg since his birth. He goes to Leavenworth in the custody of Chief Deputy United States Marshal Chris Madson. He is still out on bond. It is understood that efforts will be made after a short time to get the president to pardon Billingsley. Much sympathy is felt for him here, since his crime was only a technical one and without profit to him.

## KILLS WIFE AND COMMITTS SUICIDE

Oklahoma City Laborer Uses Pistol.  
Wounded Woman Runs Into  
the Street.

Oklahoma City, Ok., July 21.—Charles Malon, a laborer, 28 years old, early today shot his wife in their living ten on Stonewall street and shortly afterward placed the muzzle of his revolver in his mouth and blew his brains out.

His first shot penetrated his wife's head. She ran upon the street screaming and he fired twice more, the latter shot taking effect in the body.

Standing for a moment over the prostrate dead body of the woman Malon ended his life.

### Quarter of Million Deal.

Tulsa, Ok., July 21.—The Texas company closed a deal for the Charles Page holdings in the Taneha oil field, nine miles southwest of this city, the consideration being \$250,000. The holdings consist of 600 acres, with 1,000 barrels daily production.

## OKLAHOMA GROWING SHOWN BY CENSUS

RETURNS FROM SIX COUNTIES  
BREAK ALL RECORDS OF  
INCREASE.

## 45 PER CENT IN 3 YEAR

At Present Rate Will Have a Pop-  
ulation of Over Two  
Million.

Washington, July 21.—The census returns from six Oklahoma counties broke all census records, showing an aggregate increase of 45 1-5 per cent in three years. The special census of 1907 gave Oklahoma a population of 1,414,177.

At the present rate of gain the new state will have a population of 2,053,385.

On a basis of one congressman for each 200,000 inhabitants, Oklahoma would have on that population ten congressmen, but on a 225,000 apportionment it would have nine members in the house of representatives.

The population of three cities and four counties in Oklahoma were made public today as follows:

Muskogee City, 25,278, against 14,418 in 1907; Muskogee county 52,743, against 37,467.

Tulsa City 18,182, against 7,298; Tulsa county 34,995, against 21,693.

Comanche county 45,489, against 31,738.

## MORE MEN STENOGRAPHERS FOR GOVERNMENT

Policy of Government Is to Displace  
Women Stenographers Entirely  
with Opposite Sex.

Washington, July 21.—Women stenographers apparently are no longer wanted in the government service. This announcement is made by the civil service commission in an effort to stop the increasing load of letters from women throughout the country who seek information about examinations for stenographers to be held next Tuesday. This examination is for the purpose of recruiting only men stenographers and typists, the demand for whom the civil service commission has been unable to meet. Practically all of the departments of the government are seeking to replace women stenographers with men on the ground that the latter are more amenable to discipline.

Entered as Second Class matter,  
March 26, 1904, at the Postoffice at  
Ada, Okla., under the Act of Congress of March 3, 1879."

The Chickasha Journal is very much exercised over the proposed elimination of the negro from Oklahoma politics. It is no doubt conscientious in its opposition to the Grandfather Clause; but if it were pleading for the adoption of the Clause instead of pleading for the defeat of the Clause, it could present no more forcible affirmative argument than that which recently appeared in its columns. It says that the Clause should be defeated because: "Some of the best negro citizens we have are the most ignorant. They usually are of a religious bad about them. They are honest, temperate. There is nothing sober, industrious. THEY VOTE AS SOME WHITE MEN IN WHOM THEY HAVE CONFIDENCE TELLS THEM TO."

In other words the Journal argues that the negro is a good citizen, that he is religious, honest, sober, industrious, and his religion, honesty, sobriety, industry and good citizenship lies in the readiness with which he votes as some white men tell him. As the Journal man is a republican postmaster, mindless obedience and servile suffrage may prove to him the negro's good citizenship. He doubtless regards all negroes as good citizens who cast their votes according to order. But suppose these negroes should vote according to the order of SOME OTHER WHITE MAN, would the Journal then consider obedient voting the essence of good citizenship?

The Journal's argument, in spite of its evident sincerity, will not appeal to those citizens of the East side who yearly see a negro rabble led to the polls like herded cattle and voted en masse by pothouse politicians. It is never the best but always the worst white citizen who is able to deliver the negro vote on election day. The man who despises negro equality is never able to control negro suffrage. The man who advocates or practices negro equality is the man who controls negro suffrage at the polls.

Unfortunately for the force of the Journal's statement a vast majority of the electorate differ from him. Most of our citizens entertain different views concerning the willingness of the negro to vote as he is told. On this very point of "obedient voting" Governor Wm. Hodges Mann of Virginia, said recently: "While the negroes were in politics they were subject to the dominion and leadership of unprincipled politicians who used them for their own advancement and without regard to the interest of the negroes." Even the Oklahoma negroes fail to indorse the view held by the Journal. Prof. McKinzie, principal of the negro school at Seward, says that the average negro voter is simply the tool of unprincipled politicians—Democratic Press Bureau.

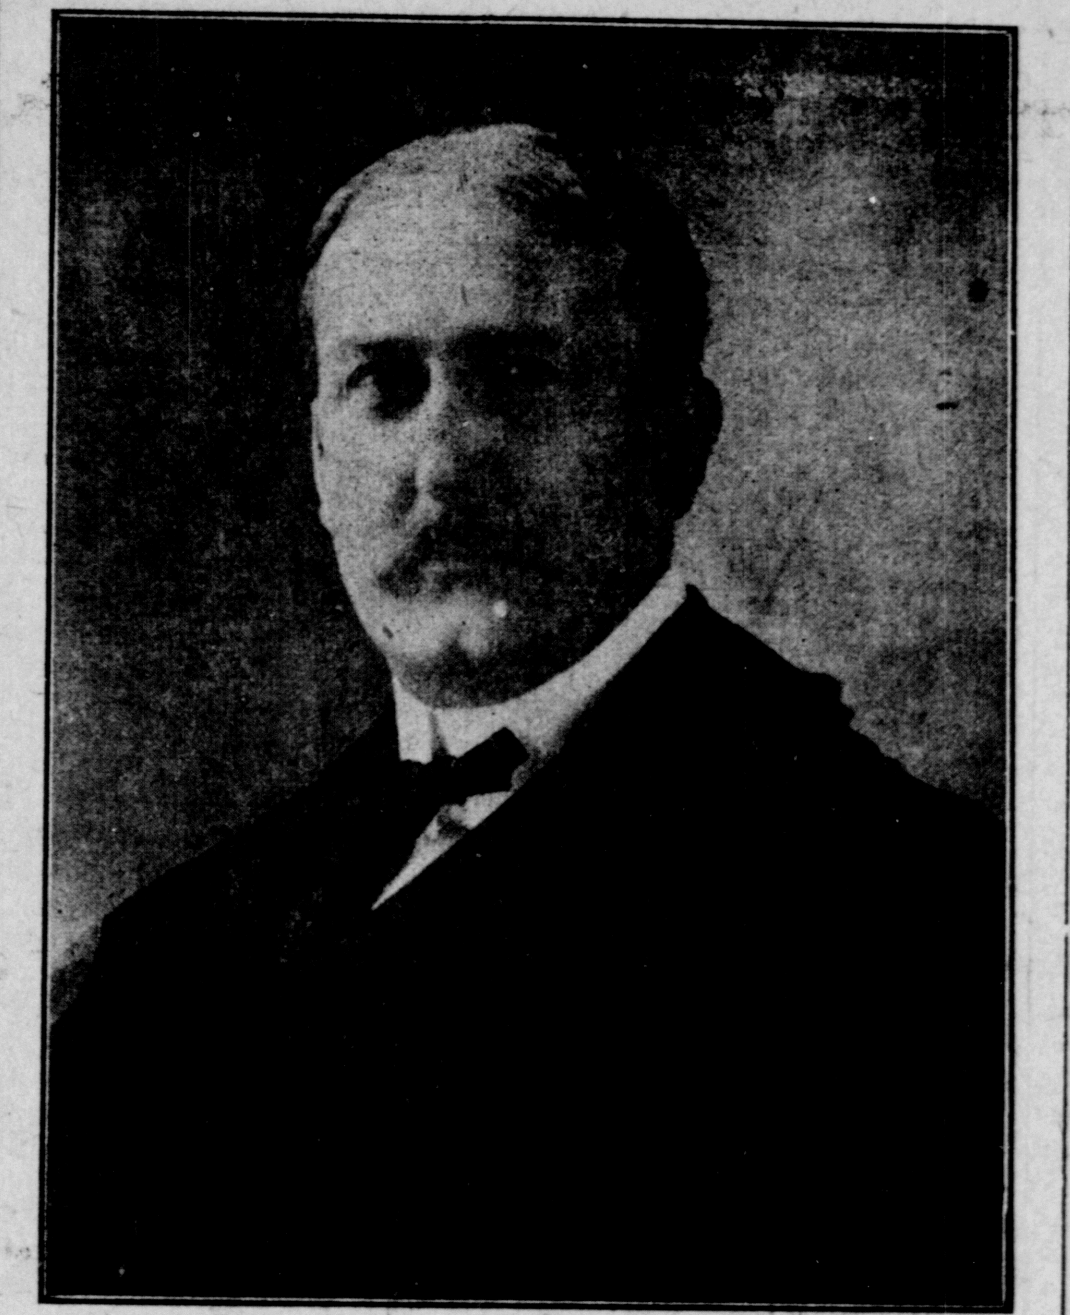

### Has Killed 2000 Bears.

Spokane, Wash., July 22.—Tom Hopper, who has killed more than 2000 bears in California, Washington, Oregon, Idaho, Montana and the province of British Columbia in the last 35 years, has returned to his home in Spokane from Kingston, Idaho, with the pelts of four bears, including the largest cinnamon bear ever killed in Idaho, and two cougars, the result of three days' work with a pack of hounds. The big bear was killed on Pine Creek, south of Kingston, after a lively battle, in which several of the dogs were severely pawed. The hounds were game, however, and stood their ground till Hooper reached the big fellow with a head shot. The other three bears and the cougars were bagged without much difficulty, though Hopper admits that one of the black bears showed a lot of fight. The veteran has killed several thousand cougars in the Pacific and northwestern states since 1890, his largest bag in one year being 739 killed in eastern Washington and Oregon and northern Idaho and southeastern British Columbia. Hopper confines his work to predatory animals, upon which the various states have placed a head bounty.

## FROM EX-PRESIDENT CLEVELAND

### TO HIS FRIEND JUDGE GALBRAITH

Otis Weaver of the News is the delighted recipient from his friend, Judge Galbraith of a fac simile, photographic copy of a letter received from President Grover Cleveland in 1890. This letter was written in long hand by Mr. Cleveland and covers a page of standard letter size paper. Mr. Cleveland's hand writing was of the spencerian order, the bottom of the letters being shaded and the top slanting toward the right, but the general formation was such that the character of his chirography could hardly have been excused, except he had been a great man, and a personal friend of Judge Galbraith. The photographic copy of this letter came from the donor to the recipient elegantly mounted and in a large handsome frame.

"C. A. Galbraith, Esq.,  
Dear Sir:

Your letter is received and I am glad to hear that the establishment of a democratic club is an early movement in your new territory. I don't think any community is too young to have such a sound political appliance, and I hope it may grow with your growth and never fail to be a useful adjunct to your prosperity. The news of the formation of this political organization, devoted to the maintenance of Democratic principles in Oklahoma, is further evidence, in addition to that abundantly furnished from me every quarter, that there is a growing interest in the supremacy of our doctrines.

Yours very truly,  
GROVER CLEVELAND."

## COTTON MAINTAINS CREDIT OF U. S.

Without Cotton We Would Appear as Debtors Instead of Creditors on the World's Balance Sheet.

Washington, D. C., July 22.—From official sources, running back to 1790 the Southern Commercial Congress has correlated statistics that show the dependence of the Nation upon cotton in maintaining the credit of the United States in world commerce.

The total value of all exports from 1790 to June 30, 1909, has been \$47,991,224,405. The total balance in favor of the United States during this period has been \$6,436,114,566. The total value of raw cotton exported during the same time has been \$13,593,353,086. These figures are for raw cotton alone and at low valuation. They leave out of consideration manufactured cotton and cotton seed products.

The purpose of the compilation is to lift cotton subjects, enemies, and cultural methods out of consideration as solely Southern interests and give them their rightful place as National; for without cotton the Nation would appear a debtor, instead of a creditor, on the world's balance sheets to the extent of \$7,000,000,000.

### Two Kansans Drowned in Texas.

Corpus Christi, Tex., July 21.—M. Smith and wife of Hutchinson, Kans. were drowned when their skiff capsized in Corpus Christi bay today. Oscar Lawson, a sailor, narrowly escaped death while attempting to save Mrs. Smith. The party was en route to a sailboat in a skiff when heavy seas capsized the frail craft. Smith sank at once, but Lawson managed to seize Mrs. Smith and although he retained his hold until rescued, the woman died without regaining consciousness. Smith's body was not recovered.

### Shipments of Fruit.

Poteau, Ok., July 21.—The largest crop of Elberta peaches on the segregated coal lands in this section is reported. The crops of apples and peaches are especially fine, both as to grade and quantity. Nine cars have been shipped from the old McKenna farm, the largest orchard in the county.

## WEARING OVERCOATS EARLY IN ST. LOUIS

Cool Wave Strikes City and Winter Apparel Is Donned at Summer Theaters.

St. Louis, Mo., July 21.—Overcoats are a very comfortable and necessary articles in St. Louis these July evenings. Summer garden goers have been wearing winter garb for two nights. Windows of park cars were closed on the home trip. The temperature last night was 57 degrees, the lowest for July in St. Louis that the Weather Bureau has recorded. There was a cool wave in July last year, the lowest temperature then recorded being 61 degrees, July 19.

### Ada Asphalt on Top.

Mr. J. O. Tipton informs us that he has closed a deal with the Shelby Downward Paving Co. to furnish the asphalt from his Ada mines to pave Ada and Holdenville and other towns, also to finish up the contracts Mr. Downard has at Fort Worth and Paris. He is now shipping to Fort Worth. This does not look like Mr. Downard thinks Ada asphalt is no good and will not make a street. The people of Ada can now rest assured that the streets of Ada will be paved with Ada asphalt.

### Indian Gets Parole.

Oklahoma City, July 21.—Turkey Hooper, a Cherokee Indian, has been granted a parole by Governor Haskell. He was convicted two years ago for a statutory crime. He was paroled because it was made known that his family needs his attention, and for the other reason that the crime for which he was convicted is not considered an offense by Indians.

### Texas Peach Crop Rotting.

Dallas, Tex., July 21.—Advices from Eastern Texas peach orchards indicate that a great portion of the crop, the largest in the history of the state, worth thousands of dollars, is rotting on the trees or in the packing cases, awaiting shipment. This is due, it is claimed to the fact that the railroads are unable to supply refrigerator cars.

## SCHOOL DISTRICT QUARREL ENDS IN DUEL

Corning, Kan., July 21.—As the result of a school district quarrel, William Bleisner is dead, and Fred Bleisner, his father, is wounded, probably fatally, and Fred and August Keehn are in the county jail at Seneca. William Bleisner and Fred Keehn were both members of the school board of what is known as the ward district, five miles southeast of here. Following quarrel, William Bleisner was shot and instantly killed by Fred Keehn, and his father struck on the head with a chain by August Keehn and done eye knocked out. The Keehn brothers tried to escape but were captured.

## ANOTHER ADDITION

A company composed of Messrs. A. L. Beck, J. M. Wintersmith, W. H. Hart and Lee Daggs will add a new addition to Ada. They are having the sixteen acres of land formerly occupied by the Cales nursery platted, and have let the contract for the erection of ten reinforced concrete houses to A. J. Mossman. These houses in the new addition are to be modern, up to date four room cottages with concrete porches and walks, and will receive the water supply from a well. It is understood that Mr. Cales will continue in the nursery business here, having leased the ten acres right across the Frisco from his former place. Upon this property the Portland Cement company will erect a concrete house for him also.

## TWO BOYS ARRESTED

Last night officers Bob Nester, Jim Adair and John Chapman arrested two young men nine miles east of here on charge of horse theft, and stealing a suit case from a passenger train.

The boys gave their names as Jim King and Sam Dristell, aged 19 and 18—with postoffice Tupelo and Nixon respectively.

The suit case of which they are accused of taking was stolen from a passenger train at Tupelo and the horses from Johnston county.

For some few days past the boys have been working on a farm in the Steedman district. This makes seven arrests within the last eight days on the charge of horse stealing.

### At the Bijou Airdome.

Those who attended the opening of the vaudeville season last night at the Bijou were delightfully surprised. Kallius and Klifton are people that possess great ability and their selections were of such a high order that they will be remembered for a long time as enjoyment dispensers.

Tonight an entire change of program, introducing Kallius and Klifton musical specialties in the greatest of all banjo acts.

Messrs. E. H. Epperson and Winburn Curry claim to be the champion tennis players of this city. They have been steadily progressing in the art of this game until it now seems that no one is able to successfully cope with them. Their rivals, Messrs. Ed Harraway and George Davidson in an attempt to crown themselves with glory by defeating said champions suffered a severe defeat yesterday afternoon and were compelled to retreat from the court a sad but much wiser pair.

### Girl Dies of Burns.

Shawnee, Okla., July 21.—Theresa Wood, a fourteen year old daughter of C. C. Wood, a car repairer, died this evening from injuries received by the explosion of kerosene she and her mother were using to start a fire yesterday. The girl's body was enveloped in flames, her clothing burned off and she died after hours of agony. The mother of the girl is in the hospital from injuries received trying to put out the flames. She will die.

## A SIN UNTO DEATH

### THE UNPARDONABLE SIN DEFINED AS A CONTINUED REJECTION OF JESUS CHRIST.

"If You Leave Christ Out of Your Life It is An Awful Failure."

According to announcement Rev. Hendrick preached on the unpardonable sin last evening, and Rev. Carter sang "What Would You Do?" Tonight the evangelist will take for his theme the "Divinity of Christ."

In defining the unpardonable sin the divine affirmed that perhaps it would be easier to tell what it is not. That it is not stealing for pickpockets, thieves and robbers have been converted and turned away from sin; that it is not swearing, for many who have taken the Lord's name in vain have reformed, live, and have lived a Christian life, pointed the minister. But that there "is a sin unto death" and that the sin is the continued rejecting of Jesus Christ as a personal savior was supported by His word, "My spirit shall not always strive with men," quoted the minister. Telling of how a man had rejected the Savior for a quarter of a century, till he, like others who ever reject religion, had lost all desire to be religious and his heart had become seared, the evangelist said, "Doesn't that alarm you? Surely it does."

There have been nations the same as individuals that have rejected the Christ—the minister would show that nations as well as individuals may commit the unpardonable sin in the continued rejection of Christ in the light of evidence.

The proof is clear—the light of evidence comes to the world, the call comes to every heart, yet there are some who would say, "Away, away, with it!" till the call is heard no more, the spirit is grieved away, "Seek ye the Lord while he may be found, call ye upon Him while he is near," God said it, and meant it," concluded Rev. Hendrick. Continuing he sounded this warning: You may get gold till you can pile it to the sky, you may get wisdom till you vie with Solomon, but if you leave Christ out of your life, it is an awful failure."

As to who can commit this sin, his answer is any body who says NO to Christ. How can you know a person has put off the call till too late. By the way they act would be his conclusion. Those who have committed the unpardonable sin—don't want to hear religion, they dislike the church and hate preachers.

The sermon was concluded by a comparison of the way several noted men have felt when they came to die, asking this question, "Which had you rather be a Dwight L. Moody or a Robert G. Ingersoll?" "Blasphemers will live on. It is life to accept him, death to reject. Which shall it be?"

### Dives on Fish; Goes to Death.

West Palm Beach, Fla., July 20.—Death in an almost unheard of form waited for Laurence S. Baker, an 11-year-old Jacksonville lad, when he dived from a boat while swimming in Lake Worth yesterday. A stingree, a huge, flat-bodied and gruesome species of the warm-water fish, was lurking just under the boat. One of the barbed spines which this fish carries on its whip-like tail, pierced the boy's neck, cutting into the jug-

ular vein. He rose to the surface crying for help, and bled to death within four minutes.

**New War Minister is Bitterly Anti-American, Author of Many Incendiary Articles Against America.**

Washington, July 21.—A new cabinet has been formed in Nicaragua, according to cable advices received here today from Consul Olivares at Managua. Its personnel consists, with a single exception, of adherents of Zelaya and men who were officials of the former president's government. Consul Olivares strongly intimates that the new ministry is likely to be unfriendly to the United States.

The personnel of the new ministry, which was formed following the resignation of Minister General Chico Baca, is as follows:

Minister of government, Maximiliano Morales, sub-secretary of the government under Zelaya; minister of foreign affairs and public instruction Francisco Padilla, formerly a minister of finance, but not under Zelaya; minister of finance and public credit, Francisco Medina, collector of customs at Corinto under Zelaya and recently his personal representative in Paris; minister of works, Leon Areagon, once sub-secretary of public instruction and later on mayor of Managua, under Zelaya; sub-secretary of war, Benjamin Zeledon, charge d'affaires of Nicaragua in Guatemala under Zelaya, and more recently secretary of Julian Irias, commissioner of Madriz government.

# POOR LO'S RATIOS TO BE CUT DOWN

**Government Intends to Confine Rations to Aged and Indigent Indians.**

Washington, July 21.—In pursuance of its aim to raise the Indian to the plane of independence occupied by his compeers of other races the bureau of Indian affairs will materially decrease the rations to be distributed among the red men this year.

The officials are engaged in apportioning the Indian appropriation for the current year and will reduce the number of Indian receiving gratuities from the government from 10 to 15 per cent. This year the rations, it is said, will be confined largely to aged and indigent Indians.

The Indian bureau believes that in decreasing the rations so far as possible, it is lending a helping hand to the Indian in his combat for self-support. The goal which the officials see in the not distant future is a total abolition of these gratuities.

Last year 17,868 Indians received rations at a cost of \$412,142. This cost, it is expected, will be decreased by \$28,033 this year, and the officials claim that the decrease would have been much greater had it not been for increased cost of living.

# SOME ANTI-SALOON TALK.

**FOOLING THE PEOPLE.**—In my article yesterday the type made a mistake. I did not mean to say that the liquor dealers and makers will always fool the working men. I meant to say they will NOT always fool the working men. I had in mind just what "Honest Abe Lincoln" said to his crafty secretary, Seward. He said, "Seward you may fool ALL the people some of the time, but you may fool some of the people ALL the time, but you can not fool ALL the people ALL the time." This is our hope. "Wine is a mocker." Liquor is a liar. The saloon business is a deceiver. But you can not fool all the people all the time. When the whole question is submitted to the whole people the whole liquor business is finally knocked out. Yes, sir, the people, the body of the people are against the iniquitous saloon business. It may take a little time for them to see it, and the deceptive business way "fool part of the people part of the time," but in the end the PEOPLE are against the traffic. The laboring men, the farmers and men who depend on labor for a living, are against it first and strongest. The "idlers around town" are the best friends the saloon business has.

Really there is only one correct view to take of the liquor traffic, and that is to STAND and RUN and WORK and VOTE against the saloon business, that is the liquor business in all its forms, and to work against the man for public office of any kind who is for the liquor business in any of its forms. I made this the first plank in my platform years ago. "I am for the man who is against the saloon, and AGAINST the man who is FOR the saloon, and FOR the man strongest who is against the saloon strongest."

I am afraid of the man in any office, or running for any office, who is with the men who are for the saloon. I suspect the candidate at once who is getting the saloon vote, however "good" that man may be.

My attitude on the liquor business is pretty fully expressed by the shipwrecked socialist who when he landed on an unknown island said to the people who met him, "And what kind of government have you here?" and before they could reply said in reply to his own heart, "It doesn't make any difference what kind you have I AM AGIN IT."

The first plank in that man's platform was to go it as hard as he could AGAINST THE GOVERNMENT.

The first plank in the platform of the Anti-Saloon worker is to OPPOSE the whole liquor business—to do all in his power to DISPLEASE the whiskey men, by word, by work, by pen, by VOTE.

# THE Ada National Bank

From the day of its opening, July 23, 1900, down to the present time the business of this Bank has gone forward without interruption.

Has accommodated more farmers than any Bank in the county.

Has assisted more local enterprises than any other Bank in the City.

We want your business if we merit it.
